

INTRODUCING DISCOVERY STAGE!

Discovery Stage Company is a nonprofit professional theatre company specializing in work for kid and family audiences in Cobb County and across Greater Atlanta. We transform spaces for kids (and their grown-ups) of all ages to come imagine, grow, play, and connect as a community. Our theatre experiences step out of the box of traditional theatre and cover a variety of themes, styles, and forms to promote imagination, connection, empathy and emotional intelligence, and a love for the performing arts.

ABOUT SCRIBBLES:

Scribbles and the Journey Home is a new ELA-connected musical for elementary audiences by Atlanta playwright Laura King with original music by Katie Berger Wood that explores the courage it takes to face life changes, and the true meaning of home. When siblings Avery and Jesse move into a new house, they feel lost among the packing boxes—until they discover Scribbles, a playful, magical guide who transforms ordinary cardboard into extraordinary adventures. Together, the trio embarks on an imaginative journey by boat, plane, and rocket, learning that home is not just a place, but anywhere you feel safe, comfortable, and loved.

DETAILS:

- Now booking school, library, and community performances for our fall and spring tours (Oct/Nov 2026, March/April 2027)
- Add-on features are available to enhance and customize the experience, for an added fee. Add-on options include:
 - Playbook workshop, to continue the hands-on learning and response time afterwards
 - Extra copies of our Playbook for your group (one copy is included in the cost of performance)
- Classroom guide will be provided to teachers, with activities, further engagement, and connections to GA Standards of Excellence
